WORK EXPERIENCE

Software Development Intern (Web Programming) — EUtech Engineers, Madrid *Jul 2026 – Aug 2026*

- Supported development of web modules, applications, and web pages for client projects using Python, Java, and MySQL.
- Built and tested features across the stack — HTML, CSS, JavaScript with Django/Flask and Spring — in Visual Studio and Unity.
- Translated client specifications into technical deliverables and collaborated with the dev team through weekly reviews (Erasmus+ traineeship, 35 hrs/week, 5 ECTS).

Community & Social Media Manager — Rembrosoft (Freelance) *Aug 2021 – Sep 2025*

- Grew and managed a 5,000+ member community across Discord, Steam, and social media, leading a volunteer moderation team.
- Designed and executed retention strategies and content campaigns — in-game events and announcements — that drove sustained daily engagement.
- Acted as the bridge between community and developers, channeling bug reports, player feedback, and feature requests into the product roadmap.

Outreach Specialist — FootballPro Mentality (Contract) *Jul 2025 – Sep 2025*

- Built outreach partnerships with youth football academies to deliver mental-coaching programs.
- Ran multi-channel outreach across social media, email, and LinkedIn; tailored proposals to each club's goals.
- Tracked engagement data to measure and improve campaign performance.

Social Media Moderator & Organizer — Gaming Communities (Volunteer) *2019 – 2021*

- Moderated gaming and tech communities on Discord, Reddit, and Steam; enforced rules, organized events, and collaborated with admins to keep communities active and safe.
